**Certified Payroll Reports: As easy as 1, 2, 3.**

Quantum Project Manager's Certified Payroll Reports program was designed to collect weekly hourly time card information and print the certified payroll reports. The program will print a certified payroll report on plain paper on your printer, or you can create PDF or RTF files that can be easily emailed. You can also submit the forms electronically via eCPR or LCPtracker. It prints the U.S. Department of Labor WH-347 certified payroll reports and the WH-348 certification page or statement of compliance. In addition, the program includes (at no additional cost) a number of other state specific or city versions of the certified payroll report forms (see list on left). You can create "no work performed" reports and even include cover letters and attachments with your compliance reports. There are a number of other project labor, fringe benefit, employment utilization and payroll analysis reports provided as well. All data and reports are saved by project and can be easily edited and reprinted. Using this program will save you lots of time and will create the certified payroll reports in the format required so that you get paid on time!

Additionally, the Certified Payroll Reports program now has the ability to import employees, time cards\*, and other related payroll information directly from **QuickBooks™** Pro or higher (versions 2010 or higher) eliminating the need for double entry. You can also import companies from your QuickBooks™ customer and vendor lists.

\*Certain QuickBooks™ requirements and limitations apply. For example, to import time cards, you must use QuickBooks™ to do your payroll (weekly payroll period only). If you enter weekly timesheets, you must use separate payroll items or service items to identify the prevailing wage work classifications. Please contact us for more information.

**The Quantum Project Manager Suite**

Flexible, easy-to-use tools for serious contractors

The Quantum Project Manager Suite was engineered to manage and track all of your project needs with ease. With Quantum Project Manager, you can produce estimates and bid proposals for a project, complete contract documents, generate progress billing payment applications, print certified payroll reports and create and track all of your communications along the way—all with one simple, easy-to-use tool. And while the Quantum Project Manager programs are designed to work together, each program can be used independently. The program supports multiple users on a network, has password security options, and includes a backup/restore program.

Bottom line: The Quantum Project Manager Suite provides serious tools for serious contractors. For more information, visit [www.quantumss.com](http://www.quantumss.com), email [sales@quantumss.com](mailto:sales@quantumss.com) or call **800-894-1278**.

**Includes free phone support, training and tax table updates for one year, a 60-day money back guarantee and 2 user licenses.**
